

# Eliezer Caraballo

- Senior Full Stack Developer

📍 Atlanta, GA | 📞 (507) 320-2338 | ✉️ eli.caraballojr@gmail.com | 🌐 LinkedIn | 🐙 GitHub

## Technical Skills -

---

- **Front-End:** JavaScript, Typescript, React, Vue, Next.js, Nuxt.js, Tailwind CSS, CSS3, HTML5
- **Back-End:** Node.js, Express, Laravel, PHP, Rust, Eloquent, MongoDB, MySQL, PostgreSQL

## Engineering Projects -

---

### Pace International | Full Stack Engineering

*E-commerce store with user profiles, order history, favorites, search, and shipments (BigCommerce)*

- Built using React/Next.js, Typescript, Algolia, Tailwind CSS, and Laravel
- Integrated database syncs between internal servers, BigCommerce, and site data
- Built out landing pages, user account pages, search, and product grids
- Designed and developed in collaboration with the graphic design and development team

### TraviFi | Full Stack Engineering

*E-commerce store with custom user management tools for accounts, devices, and subscriptions (Stripe)*

- Built using Vue3, Typescript, Laravel, and Tailwind CSS
- Designed and built back-end integrations with multiple proprietary third-party APIs
- Built out an internal call center customer management tool for support agents
- Created multiple Rust executables to sync data between Stripe and internal databases

### Timeless Entertainment Network | Front End Engineering

*Size responsive informational landing page with an email capture form*

- Built using Vue2 with Vue-router integration for future expansions
- Styled and animated using Tailwind CSS
- Deployed via Netlify using Netlify Serverless Functions to send emails using Golang
- Designed and developed in collaboration with a graphic designer

## Past Experience -

---

### Renewed Vision | Senior Web Developer

2024 - Present

- Provide technical leadership and guidance to the development team
- Design and implement architect solutions that balance functionality, performance, and scalability
- Identify and address technical debt and architectural deficiencies

### Pace International | Full Stack Engineer

2020 - 2024

- Design, develop, and maintain multiple e-commerce stores
- Built, manage, and maintain various APIs, services, web apps, and systems
- Built smooth user experiences using modern front-end frameworks (React/Next.js, Vue/Nuxt.js)
- Manage 3rd party integrations such as HubSpot, BigCommerce, Google Analytics, and Stripe

### Music & Production Director | Cornerstone Church

2015 - 2020

## Education -

---

### Galvanize | Hack Reactor

2020

*Advanced Software Engineering Immersive Program*
